⊕ UNLOCK GRANT FUNDING TO HELP YOUR INNOVATION GROW

WHAT WE'RE LOOKING FOR

WE4F is looking for mid- to late-stage enterprises, nonprofits with a for-profit program, and other organizations based in the Middle East and North Africa, who have innovative water-food, energy-food, and water-energy-food solutions. Applicants must meet the minimum requirements outlined below to participate in this call for innovation.

Women-owned and women-led organizations are encouraged to apply.

HOW TO APPLY

1. Review the solicitation document.
2. Review the eligibility criteria.
3. Create an account on SMAApply.
4. Review the complete list of application questions. All applications must be submitted via the application portal. Submissions via email or any other medium will not be accepted.
5. Applicants can save their progress on the application form by clicking on the “Save & continue editing” icon at the bottom of the application. Please note that the application must be submitted before the deadline.
6. All questions marked with * are mandatory, please ensure you fill them before submitting the application.
7. The deadline for submission is **November 26, 2021 at 5:00 PM CET**; however, we **STRONGLY** suggest not waiting until the last day to tackle your application.

In case you have any questions about the application or are facing any technical challenges with the application portal, please contact us at we4f@berytech.org. Content-related questions can be submitted until November 1.
